

MEN

METAL EXHAUST NOZZLE

The Metal Exhaust Nozzle (MEN) is highly suitable for Plymovent fixed extractors and exhaust reels. The MEN is designed to take in ambient cooling air thereby reducing the exhaust emission temperature.

The nozzle comprises a powder coated metal pipe and a spring-loaded metal lid. The rubber lid which shuts tight and functions as a draught valve when the nozzle is not being used, opens using a rubber-faced handle.

APPLICATIONS

The MEN is intended to be used for the following applications:

- To eliminate hazardous vehicle exhaust emissions with our vehicle exhaust capture and removal systems for the following segments: fire and emergency service stations as well as military facilities.

SPECIFICATIONS

Physical dimensions and properties	
Material	powder-coated metal
Colour	black
Ambient conditions	
Temperature resistance	300°C (570°F)
Where used	
Suitable for all Plymovent fixed extractors and exhaust hose reels	
Scope of supply	
Nozzle Hose clamp	
Order information	
Article no.	see remaining specifications
Number/package	1
Shipping data	
Gross weight	see remaining specifications
Packaging	soft plastic foil
Harmonized Tariff Code	84219990
